About the Wildau-Kharkiv-IT-Bridge (WKITB)

Wildau-Kharkiv-IT-Bridge (WKITB) is a project in the DAAD programme "Ukraine digital: Ensuring academic success in times of crisis (2023)". WKITB aims to support Ukrainian lecturers and students by providing a digital teaching and learning platform. It brings together 60 lecturers from eight universities in Kharkiv in the field of IT with thousands of students from all over Ukraine.

Machine Learning

Credit Points: 5 ECTS

Study program(s): 123 Computer Engineering

The objectives of the course are to provide future specialists with the knowledge and skills necessary to apply machine learning methods in data preparation, visualization and analysis, as well as practical application for solving applied problems, including information security problems.

Professor Svitlana Gavrylenko
National Technical University "Kharkiv Polytechnic Institute"

The lecturer is responsible for grading and module content.

This certificate is valid without signature the lecturer.
